

Sparkly Stained Glass Jars

This is a great project if you have leftover mixed dye or dye powder. Create your own colored jars that are perfect flower vases, storage containers and more.

Instructions:

1. In a paper cup, add some already mixed dye to about 1/4 cup of Collage Pauge Glossy. Mix thoroughly with plastic spoon.
2. Pour mixture inside jar. Next roll the jar around so it is completely covered with colored mixture. Repeat for as many colors and jars as desired.
3. Place the jars upside down on top of a paper plate so the liquid can drip out, you want only a thin layer left in the jar. Let dry

completely.
