

Queen of Hearts Necklaces

Don't lose your mind over dull accessories! Use Aleene's® adhesives to embellish these whimsical necklaces to your heart's desire with Alice-inspired sayings and photos, and a little extra dazzle from Tulip® Glam-It-Up!™ Iron-On Crystals™.

Instructions:

1. Print desired black and white "Alice in Wonderland" themed pictures from computer in desired size to fit necklaces then cut out.
2. Cut out desired sections of letters from magazines for words to spell out "We're all mad" and "I'm late, I'm late" or desired phrases.
3. In well-ventilated area, cover work surface with paper towels. Place pictures and words on paper towels then spray a coat of Spray Acrylic Sealer onto photos and words for a glossy look. Let dry. Spray on another coat. Let dry.
4. Trim photos and letters as needed to fit top of heart as shown. Squeeze a small puddle of Tack-It-Over & Over onto foil. Brush a thin layer onto back of all pieces. Let dry – glue will appear clear in about a minute or two – then press all pieces in place on heart. *Tip:*

use tip of toothpick to place smaller pieces.

5. Squeeze a puddle of Liquid Fusion onto foil. Use toothpick to add a dot of glue onto surface of heart then use Fashion Art Tweezers to place crystals on hearts as desired. *Tip: use tip of toothpick to aid gluing of smaller crystals.* Let dry.
6. Use needle-nose pliers and jump rings to add charms to chain.
7. Crystals can be added to charms if desired.
