

Harry Potter's Magical Charms

As soon as the opening credits of Harry Potter and the Deathly Hallows, Part Two appear, fans across the world will let out a sigh of emotion. From elation to sadness, we've run the gamut with this beloved book and movie series. To commemorate the event and all things Harry Potter, here is a charm bracelet with the famous book covers that started it all.

Instructions:

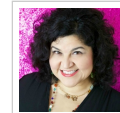

1. Cut out the printed book cover images and use Collage Pauge® to adhere one book cover image to each piece of wood.
2. Use Crafty Chica® Paint to paint the back side squares or print out a second set of images and adhere matching images to back side of each.
3. Use the paint to add a colorful border around each square. Let dry.
4. Coat squares with Collage Pauge® to create a shiny, laminated look. Let dry.

5. Use the hand-held rotary tool to drill holes at the top of each decorated wooden square.

6. Using needle-nose pliers and the jump rings in the Crafty Chica® Charm Bracelet Workshop-in-a-Box, evenly attach the squares to the bracelet. See package directions to add beads and other charms between the squares.

Miscellaneous:

- Beads and charms of your choice
- Needle-nose pliers
- Small square wood pieces, appx. 1"x1"
- (7) Harry Potter book cover images printed out to fit onto wood squares
- Hand-held rotary tool
