

Keep your recipes in a box you'll go wild over! Add funky papers and edgy trims to a papier-mâché box with Aleene's® adhesives.

Instructions:

1. Cut squares of paper and felt to fit on box.
2. Squeeze a puddle of Collage Pauge onto a piece of foil. Working with one at a time, use flat brush to apply Collage Pauge to back of paper piece then press on box. Repeat process to cover entire jewelry box as shown. Let dry.
3. Use Fabric Fusion to glue half of zipper to bottom of box, starting on front where lid rests and gluing underneath and back up other side of box. Refer to photo.

4. Glue gimp trim between squares and along edges with Fabric Fusion.
5. Tie a satin bow and use Fabric Fusion to glue other zipper half around center of bow and to top of lid as shown. Let dry.
6. Use Tacky Glue to adhere each bead to each corner on the bottom of box. Let dry.

What you need:

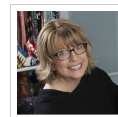

iLoveToCreate products
