

Chevron isn't just for home decor ... Give your festival look a fresh take with chevron designs in bold neon colors! Create this face-framing design in less than 5 minutes with Tulip® Body Art® Face & Body Paints.

1. Make sure skin is clean and dry. Note: Do not use lotion on areas where paint will be applied for best results.
2. Using either a paintbrush or your finger, apply paint in a chevron design across face, starting at one temple and working your way to the other. Refer to photo. Let dry.
3. Paint can be removed with soap and water or rubbing alcohol.
