Instructions:

First, iron a piece of freezer paper to inside front of shirt. This creates a stable crafting surface and prevents paint from bleeding through to back of shirt.

Place letter stickers on front of shirt as desired. Get creative! It can be everyone in your squad's name, your nicknames, your personal mantras and more.

Lightly spray ColorShot in an abstract manner over stickers. Allow to dry. Tip: It's better to spray several light coats of ColorShot over the shirt instead of one heavy coat. Make sure to let dry in between color applications.

Remove stickers and freezer paper from shirt.

Now your shirts are ready to rock! Don't forget, everyone gets to wear their own signature color.

Be sure that your camera is ready, because trust us, you're going to want to take a ton of pictures in these awesome shirts!
