

No-Wrap Holiday Gift Boxes

It's the height of gift-giving season and these beautiful gift boxes require no wrapping and they're totally reusable long after the gift is opened! Aleene's® Fast Grab™ Tacky Glue® makes it easy to adorn the plain box with a favorite ornament. Then add spray paint and the gift and let the giving begin!

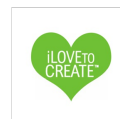

Instructions:

1. Add a generous drop of Fast Grab Tacky to the bottom of the ornament.
2. Place the ornament on the top center of the box. Let dry.
3. Place box on a flat, covered surface in a well-ventilated area.

4. Apply spray paint over entire box including the ornament. Let dry.
