

# Summer Fun Condiment Server

Nothing says summer fun like an outdoor barbeque with all of the fixings! Covered in cheerful Duncan® Concepts® colors, this condiment server is ready to dish up some tasty add-ons at your next summer gathering.

1. Wipe server with damp sponge to remove bisque dust.
2. Measure and mark approximately ½" down from top of each cup. Run tape around each cup at the ½" mark.
3. Measure another ½" down from tape and run another strip of tape around each cup. Repeat once more, creating three ½" stripes.
4. Brush three coats of Light Kiwi onto the first stripe, three coats of Neon Yellow onto the second stripe, and three coats of Neon Red onto the third stripe. After the third coat has lost its sheen but before it completely dries, remove strips of tape. Let dry.
5. Brush three coats of Neon Red or color of choice onto handle. Let dry completely.
6. Brush two coats of Pure Brilliance inside each cup and onto all unpainted sections on outside of each cup. Let dry and brush another coat onto entire outside of server. Let dry completely.
7. Stilt and fire to cone 06.

## What you need:

Dinnerware Bisque Designs

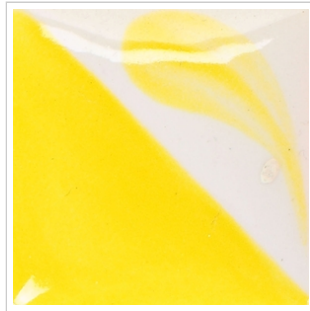

Server (31226)

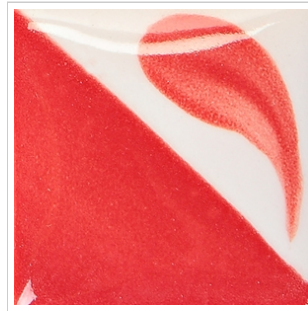

Duncan® Concepts® Underglazes for Bisque
